

GORGAS COMES BACK TO BOYHOOD CHURCH

Was Confirmed at St. Paul's Fifty-Two Years Ago—Parents Once Lived Here.

SPEAKS TO MEN'S ASSOCIATION

Was Present on Evacuation Sunday, When President Davis Was Informed of Breaking of Lines at Petersburg—Annual Banquet Held

Surgeon-General William Crawford Gorgas, United States Army, who has taken a prominent part in the Richmond convention of the Southern Medical Association, spoke last night at a meeting of the Men's Association of St. Paul's Church, held in the same building where fifty-two years ago he was confirmed.

"This is the first time I have been in St. Paul's Church since 1862," said General Gorgas last night, "and my last here serves to recall to my mind the stirring times of that period. I was in this church on the Sunday when the message was brought to President Davis, who was in the congregation, telling that the lines at Petersburg had been broken."

The parents of General Gorgas resided in Richmond until shortly after the close of the War Between the States, and he, with other members of the family, was a regular attendant at St. Paul's Church. Last night the famous surgeon recounted many interesting incidents which happened during his boyhood days. He told of the evacuation of the city in 1862, and of the perilous times when the actual evacuation came in 1865. "I recall," he said, "that the children in Richmond firmly believed until the very last that General Lee would capture Grant's army."

BACK AGAIN FOR FIRST TIME SINCE WAR

"Coming back to the city for the first time since the war," he continued, "a picture of the conditions which existed then is forcibly presented to my mind. It seems to me that I should find things here as they were, but conditions are vastly changed."

The speaker said that one of the strongest impressions he had of the early days of his youth during the war was the remarkably strong feeling of patriotism that prevailed among Richmond people at the time. "Everything seemed to center around the common cause," he said, "and I remember that my father and mother and their friends seemed willing to sacrifice everything or the men at the front."

The eminent surgeon took occasion to congratulate members of St. Paul's church on the splendid work which they are doing, and said it was a rare feat to come back once more to scenes surrounded with so many memories of the war and so dear to him.

General Gorgas expects to return to his post at Washington this morning.

JUDGE CRUMP IS TOASTMASTER AT BANQUET

The meeting was called to order by Judge Beverly T. Crump, president of the organization, who presided as toastmaster at the banquet served by the women of St. Hilary's Guild. Two hundred or more men were served. The banquet hall, tastefully decorated with autumn leaves and flowers, presented a beautiful scene.

Eppa Hunton, the first president of the association, was the first of the speakers last night. He pointed out to members of the organization their position in the affairs of church and of the community, and said that the aims and purposes of the association.

Prohibition and social evils were ably discussed by Judge D. C. Richardson, speaking last night. He said that the Christian Men for the Uplift of Humanity in Our City. The speaker urged his listeners to take a more active part in politics, and to inform themselves of the conditions of the municipal government. He said he believed that it is the plain duty of every Christian man to encourage the enforcement of the law, and to take active part in all movements designed to improve civic conditions.

FORWARD SPEAKS ON YOUNG MAN IN CHURCH

Alexander Forward, speaking on "The Young Man in the Church—His Privileges, Opportunities and Duties," pointed out that the church of today is the leader in all movements designed to foster higher and nobler ideals of citizenship and to eliminate social evils and financial and industrial injustices. He who would have a part in these movements, said the speaker, "can do his best work in the church."

Bishop William Calvin Brown spoke on "The Outlook of the Church of the Christ in the World to-Day." Bishop Brown scored egotism and selfishness, and said service to others is a safe road to salvation.

The Men's Association of St. Paul's Episcopal Church was organized two years ago, and since that time has enjoyed a rapid growth. Every male member of the congregation is eligible for membership in the association. Many new members were received last night, and plans were formulated for increasing the scope of the organization's work.

Officers of the association are: President, Judge Beverly T. Crump; vice-president, Dr. D. A. Kuyk; secretary, Robert B. Munford, Jr.; treasurer, A. Buford.

TRAFFIC WEEK

Police Instructed to Give Special Instruction to Drivers and Chauffeurs

Chief of Police Werner last night said that traffic week, which is now being observed by the Police Department, had been a great success, and that he believed a great deal of good had been done. During the week special officers have been detailed to watch the traffic on the main thoroughfares and to instruct drivers and chauffeurs as to the traffic regulations. Chief Werner believes that considerable improvement can be made in facilitating traffic on lower city streets by the Police Department, and with this idea in view, the police are this week giving the matter their attention.

Unidentified Negro Drops Dead

No identification of the negro, who dropped dead early yesterday morning while working on the new school building at Vine Street and Floyd Avenue, was made until late last night, according to persons at Johnson's undertaking rooms, where the body was lying. The negro was apparently about forty-five years old, and dropped dead of heart failure a few minutes after being given employment at the school building. Before any one had learned his name, there was nothing on the body from which his name could be ascertained. Coroner Taylor could trace the man's relatives.

Overcome by Gas

W. V. Wright, 310 East Leigh Street, was overcome by gas from a gas main at Boulevard and Floyd Avenue yesterday afternoon about 3 o'clock. He was treated by Dr. W. J. Post and soon revived.

President of Southern Doctors

Dr. Oscar Dowling

TYPHOID RATE INDEX OF CITY'S HEALTH EFFORTS

Dr. Allen W. Freeman Says Southern Communities Can Greatly Reduce Number of Deaths.

WATER, MILK AND SEWERAGE

These Three Factors to Be Taken Into Account in Typhoid Prevention—Speaks at Symposium of Southern Medical Association.

With the present knowledge of the science of typhoid prevention, it is possible for any Southern city practically to fix its own typhoid death rate, according to Dr. Allen W. Freeman, of Richmond, who was one of the speakers yesterday at the meeting of the Southern Medical Association in the symposium on typhoid fever. "There is no doubt whatever," he said, "that any Southern city can, by expenditures not beyond reason, reduce its death rate to a figure about fifteen deaths per 100,000 per annum."

Water supplies, sewerage and milk supplies, are the three great factors which must be taken into account in typhoid prevention, according to Dr. Freeman, who asserted that it is possible to state with a fair degree of accuracy that any Southern city possessing a pure water supply in the absence of epidemic conditions will have a typhoid rate varying between the limits of approximately 25 and 75 per cent, and averaging approximately fifty deaths per 100,000.

In part, Dr. Freeman said: "Taking into account the probable variation in climatic conditions between the limits of the Southern States, which affects apparently the northern tier, we can predicate with a reasonable degree of certainty the efficiency of sanitary administration in the cities of the South by a study of their typhoid rates."

POLICE COMMISSIONERS WILL BUY BAY HORSES

Purchasing Committee to Meet at First Station This Afternoon—New Policemen Ready for Service.

The purchasing committee of the Board of Police Commissioners will meet at the First Precinct Station this afternoon at 4 o'clock, for the purpose of buying additional horses with which to equip the new policemen who were added to the force on Wednesday.

Captain George Pollock, secretary of the board, has issued a broad announcement that all persons who have bay horses for sale and wish to offer them to the purchasing committee, must have them at the First Station, Eighteenth and Broad Streets, when the committee will take place Saturday morning, when they will be mustered into the service of the Police Department, and will be given additional instructions.

The recently elected officers gathered at the chief of police's office yesterday morning, in accordance with the orders which he had issued, and received their first instructions as to the duties of a police officer. Another conference will be held at the chief of police's office tomorrow morning, when they will be mustered into the service of the Police Department, and will be given additional instructions.

Chief of Police Werner said last night that he was very well pleased with the selections made by the board, and that he believed each of the embryo officers would make a good policeman. He said that the chief will take place Saturday morning, when they will be mustered into the service of the Police Department, and will be given additional instructions.

Clothes-Stealing Charge. Peter Carr, colored, was arrested last night by a patrolman. Carr, charged with stealing a suit of clothes from the Seaboard Air Line offices.

Fighting in Street. Thomas Latimer was fined \$5 and costs in the Police Court yesterday for a charge of fighting in the street. The case against Arthur Gorman and Lawrence Pocklington, arrested with Latimer, was dismissed.

SAYS WAR IN EUROPE FULFILLS PROPHECY

Seventh-Day Adventist Speaker Claims Condition Has Been Expected for Years.

PREDICT DOWNFALL OF TURKEY

Says When Turk Sets Up His Capital at Jerusalem That Will Be Signal That the Lord's Return Is Very Near.

In a stirring lecture before an audience that packed the church, Rev. B. G. Wilkinson, of Washington, D. C., declared at the Seventh-Day Adventist Church, on Morris Street near Main, last night that the war in Europe is a fulfillment of prophecy. Dr. Wilkinson is the president of the Columbia Union Conference, which takes in all of the Adventist churches in Ohio, Pennsylvania, New Jersey, Delaware, Maryland, Virginia, West Virginia and the District of Columbia. Among his hearers were the delegates attending the annual convention of the Virginia conference.

The speaker said he believed the titanic struggle now in progress is a prelude to the Armageddon of the Apocalypse. He said that as well supported by scripture, history and live newspaper quotations. He stated that the Adventists have been looking for many years. He also predicted the down fall of Turkey, and said that when the Turk sets up his capital at Jerusalem this will be a signal that the Lord's return is very near at hand.

There were two business sessions during the day, one in the morning and one in the afternoon. Much time was given to the consideration of recommendations for the advancement of the educational work, with Professor C. L. Stone, educational secretary of the Columbia Union conference, leading in the discussion. More church schools are to be established, especially in communities where there are enough children to warrant such institutions. It was stated that the conference now conducts eight church schools, and requests have been made that more be started.

DR. OSCAR DOWLING CHOSEN HEAD OF MEDICAL SOCIETY

(Continued From First Page.)

stated that it was the best convention the association had ever held, and Mrs. Gorgas, who was here with her noted husband, said that it was an event in their lives to be present at the meeting and to enjoy the hospitality of Richmond. Dr. Cary T. Grayson, physician to President Wilson, and Dr. H. H. Blue, surgeon-general, United States Public Health Service, were equally loud in their praises of the manner in which the convention was conducted, leading in the discussion of the delegates.

Tribute was paid to the committee on arrangements by Dr. Seale Harris, who said that he had never before experienced arrangements so nearly perfect.

He gave personal mention to Dr. McGuire Newton, in charge of the arrangements as a whole, and to Mrs. A. G. Gray, who was in charge of the entertainment of the visiting women.

With the election of the officers, the convention came practically to an end. The report of the association, which had been delayed in the completion of their programs, held sessions in the afternoon, in order that all papers might be read and filed with their respective secretaries.

GREAT PROGRESS IN PREVENTIVE MEDICINE

Dr. Stuart McGuire, retiring president of the association, took the chair at the open meeting yesterday morning. The report of the association was read. An increase of 1,400 members was recorded, and there has been great increase in the progress and scope of the work of the association. Special mention was made of the progress in preventive medicine and of public health measures. In fact, throughout the convention it has been remarkable to learn that many of the diseases most feared by and most disastrous to humanity may be prevented, and that others, if diagnosed and treated in time, may be cured.

It was noticeable that every public health measure, every means of preventing disease, received the careful attention and thought of the convention, and that the perfect prevention of disease was the keynote of the doctor's practice. Of all the organized bodies in the country, this association is said to be, and is so regarded, as the most humanitarian of its scope and principle. Addresses were made by Dr. Harvey W. Wiley, good food expert, and former chemist of the United States Department of Agriculture; Dr. R. M. Cunningham, of Birmingham, Alabama; Dr. Howard A. Kelly, cancer specialist of Johns Hopkins Hospital; Colonel Rupert H. Blue, surgeon-general of the United States Public Health Service; Dr. W. L. Rodman, president-elect of the American Medical Association, and a renowned cancer specialist of Philadelphia, and by others who have achieved distinction in their profession, and in the addresses of all the dominant note was one of promise and cheer. And main stress was laid on prevention as the greatest work which the profession can accomplish.

Charged With Stealing Pipe. James McAllister, twenty-six years old, was charged with stealing a pipe, valued at \$10, from the house of 617 1/2 North Twenty-third Street, last night. The pipe was found in a box in the yard of the house. It is said that every vestige of pipe and its fittings was stripped from the house.

Charged With Theft of Lumber. Ben Terry, colored, was last night arrested by a patrolman. Terry, charged with the theft of a lot of lumber from L. L. Chestnutwood.

PROPOSES NEW ROUTING FOR STREET CAR LINES

Supplementing Its Map on Which Trackage Has Shown, Company Outlines Rearrangement.

CUTS OUT MUCH DUPLICATION

Suggests Removal of Tracks From Steep Broad Street Hills and From Other Sections Where Existing Lines Parallel in One Block.

Supplementing its map of the street railway system as it is proposed to revise it under the pending ordinance, the Virginia Railway and Power Company yesterday issued a memorandum describing in detail the changes in car routes that will be suggested by the company.

The map lays down only the revised track scheme, and does not indicate the route changes that will be proposed. The final adjustment of the routes is a matter which will be considered in connection with the new franchise for which the company has applied. In its petition to the Council, the company makes the point that the routes should not be included in the franchise contract, but could be modified from time to time to meet changing traffic conditions under proper regulation and control by the city authorities.

The tracks are rearranged in accordance with the plan shown on the map and suggested in the pending ordinance, the company would favor a routing of the cars, subject to change from time to time, as conditions may require, in accordance with the following memorandum:

SUGGESTED ROUTING OF MAIN CAR LINES

"Main Street Line—The cars to be operated as at present, from Reservoir to Fulton."

"Broad-Fulton Line—The cars to be operated from the Reservoir to Fulton via Reservoir loop, Robinson, Broad, Eleventh, Marshall, viaduct, Nicholson and present Fulton loop."

"Broad and Main Line—Cars to be operated from Reservoir to Thirty-sixth and M Streets via Reservoir loop, Robinson, Broad, Seventh and Ninth or Eighth (Seventh and Ninth Streets present) on account of the heavy grade on Eighth Street between Broad and Main; Main Street from Seventh and Ninth or Eighth to Twenty-first Street; Twenty-first Street from Main to Marshall Street; Marshall Street from Twenty-first to Twenty-fifth Street; Twenty-fifth Street from Marshall to M Street; M Street to Thirty-sixth Street."

The reason for the proposed change in the Broad and Twenty-fifth Street and the Broad and Main lines is that it is not desirable to have two lines from Fulton district running into Main Street, and the change in the Broad and Main line route gives the Church Hill transportation through the Broad and Main line and the Broad and Fulton line ample facilities both on Broad and Main Streets, and on the Broad and Main Street, the Broad Street hills.

"Oakwood-Hollywood Line—Consolidating the present Oakwood and Main and Oakwood and Broad and Laurel Street lines, and operating from Hollywood to Oakwood Cemetery via Cherry, China, Pine, Cary, Laurel, Broad, south from Broad to Main on Seventh and Ninth, on Main to Eighth Street, and on Main to Twenty-fifth to Q, Q to Oakwood Avenue, Oakwood Avenue to Oakwood Cemetery."

"This consolidation will enable better service in the Hollywood district by the consolidation of the two loops, and will eliminate the heavy grade on Broad Street hill, and the line will cover the commercial district of Main Street and the shopping district on Broad Street."

"Clay Street—Cars to be operated from Main and Harrison via Harrison from Main to Broad; Broad, Harrison to Clay, Clay from Hancock to Seventh, Seventh Street from Clay to Main, Main Street from Seventh to Twenty-eighth, returning the same route."

"This change will give a direct line to all the factories on Main Street, and will relieve Main Street of a large number of transfers that have been made from Clay Street Line formerly on account of the line turning at Twenty-first and Main to Church Hill."

"First Street Line—Cars to be operated from Seventh and Franklin via Franklin from Seventh to Eleventh, Eleventh Street from Franklin to Broad, Broad Street from Eleventh to Fifth, Fifth Street from Broad to Baker, Baker from Fifth to First, then on First Street over the viaduct, following the same route through Ginter Park, returning via First Street to Duval, Duval from First to Fifth Street, Fifth Street from Duval to Broad Street, Broad Street from Fifth to Seventh Street, Seventh Street from Broad to Franklin."

"Highland Park—Cars to be operated from Fifth and Broad Streets to Highland Park via Fifth Street to the viaduct, following the same route through Chestnut Hill and Highland Park as at present."

"By changing this line from Seventh Street to Fifth Street it will avoid some of the congestion at Seventh and Broad Streets, which is very desirable, as the congestion at that point has been constantly increasing for the past several years, due to the increased number of cars operated over the several lines diverging at that point."

"It is believed that a study of these routes will demonstrate the convenience to the public which would result from the rearrangement of the routes as indicated."

Charged With Theft of Lumber. Ben Terry, colored, was last night arrested by a patrolman. Terry, charged with the theft of a lot of lumber from L. L. Chestnutwood.

GOVERNOR PROCLAIMS DAY OF THANKSGIVING

Calls on People to Recognize Benefits of Peace, Happiness and Prosperity.

REVIEWS ABUNDANT BLESSINGS

Requests Citizens to Turn Aside From Usual Vocations and Assemble in Their Places of Worship to Render Public Thanks to God.

Governor Henry C. Stuart issued a proclamation yesterday designating Thursday, November 26, as Thanksgiving Day, and calling on all people to gather in their places of worship and render thanks "for the peace, happiness and prosperity which pervade our land, when most of the people of the civilized world are torn and distracted by war."

The proclamation follows: "For the abundant fruits of the earth; for notable educational, industrial and agricultural progress; for excellent sense of public duty; for the preservation inviolate of our inherited high standards of public conduct and service; for the peace, happiness and prosperity that pervade our land, when most of the people of the civilized world are torn and distracted by war; for the privilege of forming a part of a great nation whose standards and principles of government are modeled more and more in accordance with divine teaching; for the blessings we enjoy as a nation, a State and as individuals—for these and innumerable other benefits, we abundantly praise to our Heavenly Father and make public acknowledgment as a people of our debt of gratitude for His beneficence."

"Now, therefore, I, H. C. Stuart, Governor of the State of Virginia, do designate and appoint Thursday, November 26, 1914, Thanksgiving Day, and do hereby request that all the people on that day turn aside from their usual vocations, and assemble in their places of worship, about their firesides, and in their minds and hearts, render public and private worship to Almighty God, and ask for His continued guidance in the years to come."

"Given under my hand and under the lesser seal of the Commonwealth, at the Capitol in Richmond, this twelfth day of November, in the year of our Lord, one thousand nine hundred and fourteen, and of the Commonwealth the one hundred and thirty-ninth."

"H. C. STUART, Governor."

By the Governor: B. O. James, Secretary of the Commonwealth.

Jailed For Stealing Whiskey

Ernest Morris, colored, charged with the theft of a gallon of whiskey from the Southern Express Company, was convicted in the Police Court yesterday and Justice G. G. G. sentenced him to sixty days in jail.

Fire in Frame Dwelling

A frame dwelling in the rear of 308 East Cary Street was damaged to the extent of about \$100 by a fire which broke out yesterday morning about 1 o'clock. The building was owned by James McKie and was occupied by Susan Mayo-Governey.

Wyland Charged With Theft

R. L. Wyland, twenty years old, was yesterday afternoon arrested by Patrolman Carter on a warrant, charging him with the theft of \$4.25 from Mrs. J. E. Farrer.

Used Razor on Henry Long

William Davis, colored, was convicted on a charge of assaulting and beating Henry Long with a razor, when arraigned before Justice G. G. G. in the Police Court yesterday and was fined \$25 and costs.

PETTITT CHARGED WITH ATTACK ON INDIAN WOMAN

Horse Dealer Arrested on Warrant Sworn Out by Mrs. Minnie White Eagle.

HER HUSBAND IS IN HOSPITAL

Jawbone Broken, but Accounts Vary as to How Injury Was Inflicted. Pettitt Denies Attack on Woman. Says Horse Kicked Her Husband.

R. L. Pettitt, fifty-two years old, living with his half-brother, Walter Estes, at 3213 N Street, was yesterday arrested at that place by Detective Sergeant Willy and Kellam charged with attempting an assault against Mrs. Minnie White Eagle, who swore out the warrant for the arrest of Pettitt, and assisted the officers yesterday, while her husband lies at the Memorial Hospital suffering from a broken jawbone, an injury which the wife alleges was inflicted by Pettitt. Pettitt was locked in the First Precinct Station by the detectives, and had not succeeded in securing bail at a late hour last night.

The police would have but little to say regarding the case, other than to quote the assertion made them by Mrs. White Eagle. Physicians at Memorial Hospital said last night that White Eagle said there had been no fight between him and White Eagle, and that the man's jaw had been broken when he fell off a wagon while coming to the city from Petersburg.

ALLEGED ATTACK OCCURRED WHILE ON WAGON TRIP

According to the story told at police headquarters yesterday, and repeated to Detectives Willy and Kellam by Mrs. White Eagle, the alleged attempted assault occurred on the wagon trip to Richmond from Petersburg. Mrs. White Eagle informed the police that Pettitt was a horse trader, while she and her husband were traveling with a small exhibition show. They had given an exhibition at Petersburg, and were on their way to this city. Pettitt is said to have joined them in the trip through Chesterfield County.

White Eagle and his wife are said to be well educated, and are graduates of the Carlisle Indian School. They are traveling with the show under a United States government bond, which is required in cases of this kind, and the Federal authorities may take steps in the matter.

RESINOL STOPS ITCHING INSTANTLY

Heals Eruptions and Clears Pimples, Blotchy Complexions.

It is a fact that when Resinol Ointment touches itching skins the itching stops instantly and healing begins. With the aid of Resinol Soap, it almost always clears away every trace of eczema, ringworm, pimples or other tormenting, unsightly eruption quickly, leaving the skin clear and healthy.

Resinol is not an experiment. It is a doctor's prescription which proved so wonderfully successful for skin troubles that it has been used by other doctors all over the country for nineteen years. No other treatment for the skin now before the public can show such a record of professional approval. Every druggist sells Resinol Ointment and Resinol Soap, but for free samples write to Dept. 42-B, Resinol, Baltimore, Md.—Advertisement.
